

CARE FOR CHILDREN AMBASSADORS

OUR VISION IS TO SEE
A MILLION CHILDREN
MOVED FROM INSTITUTIONAL CARE
INTO FAMILIES.

WHATS GOING ON?

**Did you know
that there are
currently
71 million
orphans in
Asia?**

UNICEF (2013)

Most orphans live in a place called an institution. Research shows that living in an institution without a family is dangerous and damaging on children.

So what is it so important about children having a family? The loving support of a family can provide a child with security, food, water, education, health, and love.

Care for Children has helped to place almost 300,000 children back into families. We work in China and Thailand and we have lots of other countries asking us for help.

We love what we do and we love seeing childrens lives changed simply by having a family of their own.

HOW CAN YOU HELP?

"We cannot always build the future for our youth, but we can build our youth for the future."

Franklin D.
Roosevelt

A **YOUNG AMBASADOR** is someone who believes in our vision and wants to help us make it happen.

We need your help to see our vision reached! There are two main ways that you can help us:

BE A VOICE - Share our vision and get others behind you

TAKE ACTION- You can make a difference by getting involved

We want to help you in any way we can by answering your questions, offering our ideas or providing you with what you need to get your idea up and running.

Please feel free to get in touch with our YA coordinator:

info@careforchildren.com

YOUR TOOLKIT

Here are some ideas to get you going... Feel free to use any of these or to come up with your own ideas.

BE A VOICE FOR ORPHANS IN ASIA

1 Lead a **SCHOOL ASSEMBLY** using our introduction powerpoint to inform all your friends about the orphan crisis and what Care for Children does.

2 **RUN A CAMPAIGN** in your school and raise awareness as well as raising some pennys for the charity. You could do something as fun as the ice-bucket challenge or an idea even better!

3 **SPEAK** to your youth group, brownie club, sports team or music club about Care for Children and how they can get involved.

"WHERE THERE IS MATERNAL DEPRIVATION A CHILD MAY DEVELOP MENTAL AND PHYSICAL ILLNESS AND SOMETIMES EVEN

JOHN BOWLBY, FOUNDING FATHER OF ATTACHMENT THEORY, 1951

TAKE ACTION

FOR ORPHANS IN ASIA

- 1** Organise a **SPORTS TOURNAMENT**, football, basketball, any game you enjoy. Charge for entry & let players know their money is going to Care for Children. The winners will expect a prize, see if a local business will donate one!
- 2** Get friends together and have a **BAKE SALE** - everybody loves cake!
- 3** **DONATE YOUR BIRTHDAY** Instead of presents one year, ask for donations. Create your fundraising page by clicking 'fundraise for us' @ www.justgiving.com/careforchildren
- 4** Fill up some buckets with soapy water and offer to **WASH CARS** with your friends.
- 5** Get your mates together and have a **JUMBLE SALE!** Or simply sell your unwanted items on ebay...

I WANT TO SEE A MILLION CHILDREN
MOVED FROM INSTITUTIONAL CARE
INTO LOCAL, LOVING FAMILIES.
